

SIVA INSTRUMENTS

Digital Capacitance Meter

Model : LS-16BDS

ISO 9001 : 2000

Technical Specification

Capacitance Range : 0.1Pf to 20000 Mfd
in 9 ranges

Accuracy : $\pm 0.5\%$ of the reading ± 1 digit

Test Frequency : 120Hz $\pm 5\%$

Indication : 3 ½ Digit DPM LED/ LCD

Power Supply : 230 VAC $\pm 10\%$, 50 Hz
Optional Battery Operated

Dimensions : 350 x 170 x 217 mm

Weight : Less than 5 Kg

SIVANANDA ELECTRONICS also offers C & Tan delta Bridge with High Voltage Power Supply upto 12KV. , SF6 gas filled Standard Capacitors 100 pf/1000 pf upto 20 KV. , Repeated Charge Discharge Tester, Loss Factor Meters, LCR Comparator, High Voltage Insulation Testers upto 5KV (Solid State). For detailed information & product catalogue please write to us.
